Basic Details of the Team and Problem Statement

Ministry/Organization Name/Student Innovation: Startup India Section, Department for Promotion of Industry and Internal Trade (DPIT), Ministry of Commerce and Industry.

PS Code: KK1178

Problem Statement Title: Develop an application for the effective mentorship of the entrepreneurial activities in country.

Team Name: Enemies Of Syntaxx

Team Leader Name: Dishant Zaveri
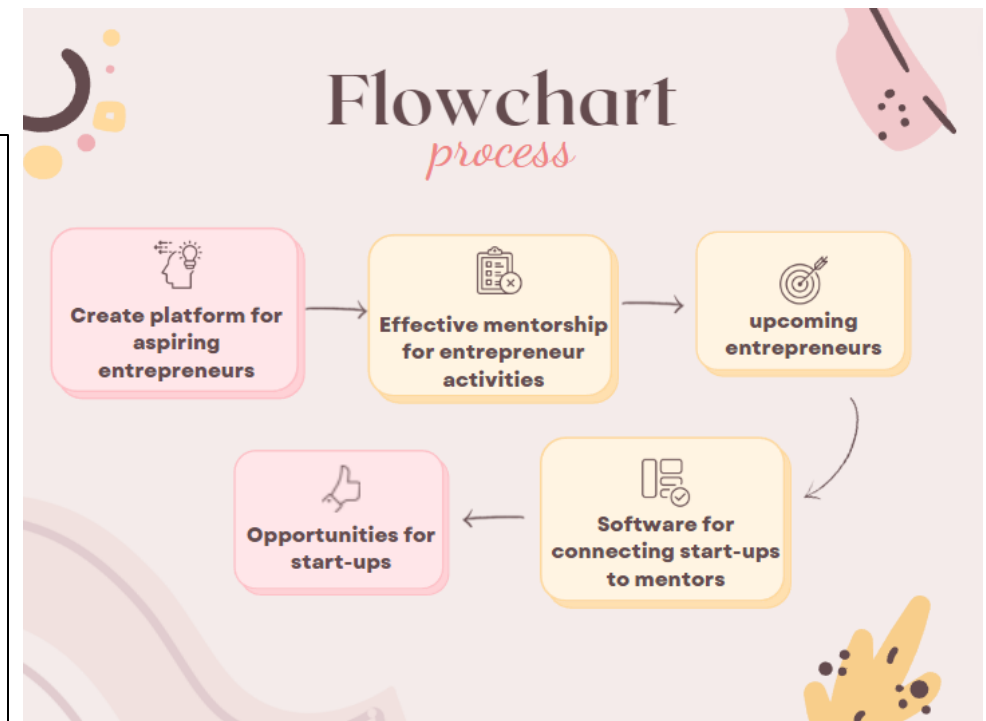

Institute Code (AISHE): C-33777

Institute Name:SVKM's Dwarkadas J. Sanghvi College of Engineering

Theme Name: MISCELLANEOUS

Idea/Approach Details

Describe your idea/Solution/Prototype here:

➢ **Pitch Deck Generator** - This tool helps entrepreneurs build **state-of-the-art pitch decks** to succinctly summarize their story and the problem they are solving.

➢ **ShowCase** - Entrepreneurs can create posts talking about what their company is currently doing, what milestones it has achieved and what is its path forward. They can also create their company profile and entrepreneur profile.

➢ **Selective Mentoring**: Mentor can selectively choose the founders whom they want to mentor after proper screening of their profiles as well as company financials.

➢ **Cultural and Employee Satisfaction Rating :** Past as well as current employees can provide **testimonials** and **satisfaction ratings** which will prove helpful to prospective job seekers in choosing their employer.

➢ **AI-based Recommendation Engine**: Our recommendation system uses algorithms such as collaborative filtering, content filtering and sentiment analysis.

➢ **Interactive Dashboard:** Mentors gain key insights and trends at a glance about the startups they are mentoring through a comprehensive dashboard built with statistics, visual charts and graphs.

➢ **Blockchain** - To prevent fraud and ensure authentic companies are only present on the portal we plan to utilize blockchain to securely store important documents, agreements, company registration details, patent information etc. and facilitate crypto transactions.

➢ **Funding** - Ongoing funding rounds of companies can be opened to the government and other venture capitalists/investors for maximum participation

➢ **Guidance Sessions and Bootcamps -** Catering to both technical and soft skills that are built in collaboration with industry veterans This section is a part of the subscription model and gives a monetary angle to our solution.

➢ **Government Schemes and Policies** - News related to new regulations and rules supporting startups and small businesses will be shown in a particular section.

Flowchart *process*

Create platform for aspiring entrepreneurs → Effective mentorship for entrepreneur activities → upcoming entrepreneurs → Software for connecting start-ups to mentors → Opportunities for start-ups

---

Describe your Technology stack here:
➢ React JS for website
➢ React Native for cross platform mobile application
➢ Django for backend
➢ AI/ML for recommendation system and data processing
➢ Ethereum and Solidity for secure storage of entrepreneur's identity and crypto transactions.

Idea/Approach Details

Describe your Use Cases here

➢ A Different Perspective : Business mentors can help you look at problems and situations from perspectives that you would not have thought of on your own.

➢ Improving Key Skills : Mentors are not like advisers and consultants, who care only about the business venture. Instead, business mentors help you develop your business skills.

➢ Expanding Your Network : Business mentors can put you in touch with contacts who can help you make your business more successful. The more networking you do, the more people you meet.

➢ Confidence to Make Better Decisions : Knowing that you have a credible mentor to turn to can give you confidence when facing difficult business situations.

➢ Methods and Strategies : In addition to simply giving advice and helping improve your personal business skills, business mentors can prepare you with a library of methods and strategies that you can pull from throughout your career as a business owner.

Describe your Dependencies / Show stopper here

➢ Will be needing the good amount of contact with companies and entrepreneur
➢ will be needing Data for government scheme and polices
➢ Proper authentication of idea and entrepreneurs .
➢ IPFS for data storing and certificates
